Treasurer's report: Cindy Reedy reported all the bills are paid, audit is still pending.

President's report: Terry reported he spoke with Bud Barringer about the budget. Terry then read from a written report see attached. Don Hunter voiced concern that one person or a committee could spend \$10,000.00 or \$20,000.00 on one expenditure if there are funds in their budget. More latitude is good but that's too much latitude. No person or committee should spend \$5,000.00 or more without Trustee & Officers approval was Don's recommendation. Richard Rudes said the Chair has to have approval from their committee. Terry Rudes went on to explain about the Reserve Funds in his proposal and how funds carry over. Terry said that the Reserve Funds came from savings and reserves. Jason Destatte said operating budget & chairs are elected versus appointed and he prefers that chairs are elected. Richard Rudes said oversight is good but building buildings etc may not be so good w/o approval. Dennis Finke said that he liked block funding.

Terry Rudes went on to say that Insurance with Lockton was \$3,000.00 annually for liability only no comprehensive. Looking at other agencies that include both comprehensive & liability. We need fencing and FOB gate. Richard Rudes fencing that channels to gate with cameras.
