

# Darr Report Nov 2025

- Hunting Season is here, anyone on the Darr needs to be wearing something Hunter Orange for safety unless bowhunting or waterfowl hunting.
- Activities other than hunting are restricted to the hours of 10am until 2 hours before sunset
- Review of Current Darr Rules and updates are being worked on. Will submit results once everything is finalized.
  - Bud needs to contact wildlife offices to verify one remaining item and ensure the wording will address any grey areas of concern before finalizing.
  - Will submit results to T/O once finalized.
  - A concern was presented to Bud a week prior to the last Darr meeting. These concerns were also voiced at the Darr Meeting. Bud is investigating and following up with those involved.
- Water and Equipment Updates:
  - Packer Creek South Side pump got us through.
    - Now needs pulled and brought to barn for maintenance and winterizing
  - Packer Creek North Side pump has been running intermittantly due to low water in Packer Creek.
    - Unfortunately mother nature is killing us
- Equipment items.
  - Tractors have all been tested for antifreeze quality in preparation for winter.
  - Batwing axel is cracked and needs welded and support added temporarily to finish the year.
    - Over winter, goal is to replace rear axel member as it has quite a bit or rust through on bottom side. New square tubing can be installed using existing brackets and set back in
  - Ford New Holland has Rt Front tire issue, needs pulled off and taken to have fixed (has tube).
  - Small Bush hog needs some sheet metal work and additional support welded, nothing major.
  - Allis is still down with motor issues.
- Mowing.
- Perimeter, Safety Zones, Dykes, and Field Dividers can be hit one more time if we get batwing back up.
- Barn & Building Updates
  - Internet has been installed and we need to get security set up.
  - Bud looking into options for cameras and/or alarm.
- Weekly Saturday work parties are wrapped up, workdays now will be held as needed and announcements sent out until end of hunting season dates.
