

Darr Mar 2026 Report

- Coordinators list updated for the 2026 year, will adjust as needed through the year.
- Some seed has been donated and we are trying to get more for food plot mixes.
- US Fish and Wildlife has us on the burn list and our events are all finished for the season so they have the green light to burn when they can.
- Weekend work parties and projects have started to ramp up.
- Equipment.
 - Fuel Usage Log Sheet has been posted in barn at Darr at Pump Power Switch.
 - Key to pumps power switch will be kept in the clipboard.
 - Annual equipment maintenance has begun and some have been completed.
 - Still a long ways to go. Progress will be slower than normal this year as we work to validate and tweak the Operation and Maintenance Check sheets we have been working on.
 - Allis motor has been torn down and is being cleaned up and rebuilt.
 - Most Parts are in house, will need to get Rod Bushings pressed in and fitted.
 - Batwing Main axel repairs in progress, also Tires being replaced.
- Barn & Building Updates
 - Lighting upgrades in process in small barn (Fixtures Donated)

Whitetails Unlimited Dinner changed to March 21st (Terra Tech College Fremont)

Club Wild Game Dinner is March 28th

Thanks to all that have helped out....
